## AT WEST DULUTH Large Addition to Interstate Iron Works May Be Made This Spring.

## IT HAS MANY ORDERS Plant Is Badly In Need of Increased Capacity—Ore Dock Work.

It is altogether probable that a considerable addition to the plant of the Interstate Malleable Iron Works will be made in the early spring. The need of enlarged room in the casting department is already apparent to the management and the directors have been requested to give the matter their attention. Orders are already booked to keep the plant busy at its present capacity for a year ahead, and the management respectfully requests many small orders which must be filled in short time. This condition of affairs is, of course, annoying and hence the desire for increased room. If the directors grant the necessary expenditure the increased capacity will necessitate the employment of over double the present force of employees.

It is the expectation to largely increase the business of the plant through the sale of the company's patent malleable bar wire fence post, which finds a ready sale wherever introduced.

**WORK ONLY BEGINNING.**  
The report given yesterday by the morning paper that the pile-driving on the extension to the Mable ore dock No. 2 was practically completed, and that much of the timber framing had been done, is somewhat erroneous. The fact is that the pile-driving has just started and there is not yet a stick of timber on the ground. Inability to obtain timber suitable for the work is given as a reason for the delay. It is the purpose, however, to have the extension ready to receive ore by the time navigation opens or soon thereafter.

**MAHINETTE RINK NOTES.**  
The poverty carnival at the Mahinette rink last evening was a complete success, and all that attended had a very enjoyable time. There were not as many in costume as was expected, but those that were kept the crowd in laughter. A fine program of sixteen numbers was played by the "Vagabond" band and at 10:30 special cars took the Duluth patrons home. There was a large attendance from Superior.

The prizes for being the most poorly dressed lady and gentleman were awarded to Miss Alice Bellamy and Fred E. Martin, respectively. The judges were Mr. Vincent, of Duluth; Mr. Morrison, of Superior, and Mr. Bliley, of West Duluth, and their decision was very satisfactory to all.

It is expected there will be an interstate curling contest at the Mahinette rink next Friday evening. Jensen and Huska, of West Duluth, have been

## WINGED A BURGLAR

One of a Gang of Depot Robbers Shot By the Police.

## THEY OPENED FIRE

A Second of the Gang Was Hit But Made His Escape.

Scranton, Pa., March 8.—A gang of burglars, who were plundering the Delaware & Hudson depot at Pottsville, near here, were surprised by the police authorities early this morning, and one of them, who gave his name as John Shannon, of Shamokin, was so badly wounded that it is not thought that he can recover. Another was shot but escaped.

The depot is connected with the residence of the agent by an electric burglar alarm. Shortly after 2 o'clock this morning the alarm sounded, and Agent Broad dressed himself hurriedly and summoned Chief of Police Craig and an officer. Together the three men hurried to the station, about a quarter of a mile distant. The burglars heard the men approaching, and when they were a short distance from the depot opened fire on them. The burglars heard the men approaching, and when they were a short distance from the depot opened fire on them. The burglars heard the men approaching, and when they were a short distance from the depot opened fire on them.

The wounded man was brought to this city on a freight train. None of the burglars were seen after they escaped.

## THE CODY TRIAL.

The Defendant on the Stand Is Questioned By a Juryman.

Albany, N. Y., March 8.—The fifth day of the Cody blackmail trial opened with the defendant still on the stand. Her counsel, Mr. Dugan, finished his direct examination of the witness, Mrs. Cody, and then asked questions concerning the letters which had been sent between her and Mrs. J. F. Pierce, Jr. The defendant's alleged child, and her husband.

District Attorney Dyer cross-examined Mrs. Cody, and then called Mrs. Pierce's aunt, to Mrs. Beebe, who furnished her with funds with which to urge the claim of Mrs. Pierce and Mrs. Angel and the others. In the letter to Mrs. Walker, Mrs. Cody said that Jay Gould had told Sarah Ann Brown (Mrs. Angel) that her marriage to him was illegal since it had been performed by a Presbyterian clergyman while she was a Catholic. Mrs. Pierce had told her that she was a Catholic, and she was warmly pressed by the officers of the brigade to return, but she had decided to remain home. He reached Havana last Thursday and, leaving there the same day, reached West Duluth on Monday afternoon.

Miss Mabel Clyne left today for St. Paul to spend the remainder of the week visiting with friends.

The members of Ellen Toucey, L. L. O. L., will give a dime social on I. O. O. F. hall Saturday evening, March 10.

There will be a skating party from Duluth tonight at Marinette rink and on tomorrow night.

## SOME BILLS KILLED.

Wisconsin Assembly Sits Down on the Seddon Bill.

Madison, March 8.—(Special to The Herald.)—The senate today killed the bill to take the official state paper to Milwaukee and give it to the Evening Wisconsin by a vote of 18 to 12. Eight bills were passed and two concurred in, one continuing the state reformatory; others of minor importance. Two minor bills were killed. The Seddon bill prohibiting saloons within 250 feet of churches and school houses, which went to a third reading in the assembly yesterday, was reconsidered this morning and killed. The appropriation for the Wisconsin battleship commission was passed.

The senate killed 347 S. P. by Mills fixing the number of hours to constitute a day's work. The assembly passed the bill creating a third municipal court for Barron county.

## THE CASKET COMBINE.

Columbus, Ohio, March 8.—A special to the Dispatch from Upper Sandusky, Ohio, says: It is learned on the most reliable authority that the capital stock of the new casket combine will be \$25,000,000 and that J. Pierpont Morgan, of New York, will float the bonds. The trust will include 112 casket companies and hardware factories, one-third of which will be shut down as soon as the trust is incorporated, which will be done in New Jersey. Two months may see the combine completed.

**A PLACE FOR MEARS.**  
Pittsburg, March 8.—The appointment of Charles W. Mears, of Cleveland, as representative of the I. A. A. at the International Cyclists' union meeting, was made public by President Keenan today. Mears has been a member of the club since 1887 and has been a special significance this year in view of the fact that the annual congress of the I. A. A. will be held in Montreal, August next and that the international championship will be decided at the great race meet there.

## IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition is not merely chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by all druggists at 50 cents per package. It is prepared by the F. A. Stuart, M.D., of Minneapolis, Minn., and it promptly and effectively restores a vigorous digestion, at the same time relieves the most distressing symptoms of the indigestion, such as flatulence and constipation, and makes life worth living.

## FROM COPPERDOM.

Reports on Some of the Copper Mines of Upper Michigan.

Houghton.—The net available surplus of the Baltic at the close of last year was \$43,016, according to the report to be read at the annual meeting soon to be held in New York city. The total sinking for the year amounted to 488 feet and the total drifting to 2602. The lake has been exposed for an extent of 2731 feet along the line of the formation, with a maximum width of fifty-five feet and a minimum of sixteen. The dip of the strata is 73 degrees. Twenty-four thousand tons of rock had been hoisted and placed on the dump pile, and it is expected that regular production by the use of one head of stamps set apart for the Baltic at the Atlantic mill will soon begin.

United States says it will be impossible to make an accurate estimate of the percentage of copper in the rock, but judging from the opening so far made highly favorable results are anticipated. The regular stopping, which is the character of the entire lake, is in addition to the transfer of the Highland and Mary's properties to the Arcadian, it is considered somewhat significant here that the call for a special meeting of the stockholders of the Arcadian Copper company for April 1 at the company's office in Boston.

Cody was called to a meeting to consider and vote upon the question of authorizing the directors of said company to sell and convey all real estate in the county of Houghton, Mich., and all its personal property and assets of every kind and nature to any person or persons, or to any corporation or otherwise, etc. As the Arcadian is organized under the Michigan law at this time, said sale of the property would be to reincorporate, issuing an additional 30,000 shares of stock at \$25 each, and would thus give the Arcadian a total of 100,000 shares of stock.

## Mme. Yale's Hair Tonic

The first and only discovery in the history  
of chemistry known to turn gray hair  
back to its natural and original color  
without dye. It cures the itching, itchy,  
coloring matter of the hair, increasing and  
giving it circulation. It tones up the de-  
bilitated nerve force and the normal glands  
to a healthy reaction, curing all diseases  
of the scalp. It creates a luxuriant growth,  
stops hair falling in from twenty-four  
hours to six weeks. It softens the hair,  
when harsh or dry; contains no greasy  
matter, sulphur or lead, or any other in-  
jurious or unsound substance. Perma-  
nently cures dandruff.

Mme. Yale's Hair Tonic is a perfect Hair  
Dressing, rendering the hair glossy and  
nearly, greatly adding to remain in curl.

## SUIT FOR A BALLOON

Peculiar Case Which is Now  
On Trial in the District  
Court.

There was a novelty on the trial bench  
this morning in the shape of a  
balloon case. The suit is brought by El-  
mer H. Chittenden and Martin Jenkins  
against Patrick McClary and Sheriff Sar-  
gent to recover a balloon and its trans-  
port, which the plaintiffs claim is their  
property and which they allege was con-  
verted by the defendants. The case was  
tried in the municipal court at Virginia  
and judgment ordered for the plaintiffs.  
The defendants appealed to the district  
court. According to the stories told by  
the lawyers, the balloon was originally  
the property of D. C. Jenkins,  
an aeronaut who made ascensions  
and parachute jumps over the ranges last  
summer. In July he was hurt at Tower,  
and in order to keep up the income his  
wife, one of the plaintiffs, agreed to make  
ascensions and parachute jumps for \$25  
per leap. The aeronaut said this morning  
on the stand that his wife had never  
made an ascension prior to the time she  
made her first exhibition at Tower. Dur-  
ing the summer she made six ascensions,  
and she is said to have loaned her hus-  
band money in addition to this, so the  
indignees to her amount to \$175. To  
secure her he made a bill of sale of the  
balloon to her. Subsequently she got money  
enough to pay off a small chattel mort-  
gage on the balloon, she sold and her  
interest to the other plaintiff, Chittenden.  
Subsequently Jenkins retained a board  
bill at the hotel kept by Defendant Mc-  
Clary at Eveleveth, and McClary got judg-  
ment against him for the bill. The case  
was then taken to the district court to re-  
cover the balloon and its transport, and  
the sheriff seized the balloon and sold  
it under the judgment of the court. The  
case was still on in trial this morning.

## DEWEY IS NOT WELL

Stories of His Ill Health Probably Have Basis of Fact.

## HAS AGED RAPIDLY

Has Not Been a Strong Man Physically For Many Years.

Washington, March 9.—When his attention was called to the statement made from various sources to the effect that Admiral Dewey was breaking down and cannot last a month longer, Secretary Long said that he had no information whatever on this point.

The stories of the admiral's ill-health have been in circulation with more or less persistence for the past few months. They are all traceable to private reports, and though officers of the navy who have returned recently from Manila state that Dewey's health, so far as it could be gauged from his appearance, appears to be about the same as it has been for the past year. They agree that the private reports probably have a fair basis of fact.

It is not denied by these officers that the admiral has aged in appearance notably within the past year; his hair is undoubtedly white and his figure shows signs of coming with advancing years. Dewey will be 62 years old next December, and for many years he has not been a strong man physically. Meantime he has imposed upon him the most severe and exacting duties, so that it is not natural that his frail physique should show the effect of the tremendous strain.

It is said by persons familiar with the Philippine climate that the second year is the hardest to bear for a Caucasian, and Dewey says he will begin his second year there in April. He has been laboring under the drawback of having to undergo a most severe surgical operation for the relief of his liver, and a new sound liver in the Philippines of all places. These facts lead naval officers to believe the reports that Dewey is showing signs of physical strain.

On the other hand, as already stated, there is absolutely no official evidence on file at the department to show that Admiral Dewey is in poor health. The bureau of medicine and surgery, which shows him to be in good health, as well as the results of the physical examinations he has undergone when he has been promoted from time to time. But these do not disclose any complaint at this time; the admiral has not been made the subject of a sick report since he went to Manila.

Some time ago the president feared that the great strain he was under might overtax him, so he called Dewey through Secretary Long permission to return to the United States. The admiral declined to avail himself of this permission and asked permission to stay, saying that in his opinion the records of the bureau of medicine and surgery, as well as the results of the physical examinations he has undergone when he has been promoted from time to time. But these do not disclose any complaint at this time; the admiral has not been made the subject of a sick report since he went to Manila.

## A MICA MONOPOLY.

Deal to Put the Industry in a Syndicate's Control.

Norway, Me., March 9.—A deal which, it is said, practically put the mica supply of the world into the control of a syndicate has been disclosed to those interested in the industry here by an offer to purchase all the mica lands in this section. The right to mines in about 15,000 acres of this country already has been granted, the papers in the transaction covering all the known places where it is said to be mined.

It is explained that the mica is mined in places where mica is mined to any extent in the United States, and in North Carolina. In both localities it is claimed the supply is almost exhausted.

## BIG ICE COMBINE.

The Augusta Legislature Unfavorable to the Project.

Augusta, Me., March 9.—The legislative judiciary committee has voted to report unfavorably the bill to incorporate the \$60,000,000 American Ice company. The bill was introduced by Representative Joseph Manley, and had for its object the combining of nearly all the ice companies in the Kennebec and Penobscot rivers, nearly all of which are also New York concerns. The chief argument in opposition to the bill was that its enactment would simply make this place the storage place for ice, the gathering and sale of the product being regulated entirely by harvest prospects in the Hudson, and the amount of business done by the New York companies.

## WESTERN PASSENGER AGENTS.

They Are Deciding Upon Rates for Big Meetings.

Chicago, March 9.—A general meeting of the Western Passenger association is in progress today. The meeting was called to arrive at some understanding regarding rates for a large number of meetings of national importance. It is possible that the question of the reorganization of the association may be again taken up, though it does not appear that any definite action can be determined. The Union Pacific, Great Northern, and Great Western have threatened withdrawal.

## THE ROAD WILL INAUROGATE SEVERAL IMPORTANT CHANGES.

St. Louis, March 9.—The Burlington route announces additional improvements in its passenger service from St. Louis and Kansas City to the far Northwest, Montana, Washington and Puget Sound. It will inaugurate on March 11 a thorough first-class daily sleeping service from St. Louis, Kansas City and St. Joseph to Butte and Anaconda, Mont., via Billings. On March 15 there will be inaugurated a service through tourist sleeping car service every Wednesday from St. Louis, and St. Joseph to Seattle, Puget Sound, and Washington and Montana territory via the same route. This is the first through service to be established between St. Louis and Kansas City and Montana and Puget Sound territory.

## DAM CARRIED AWAY.

CHILICOTHE, Ohio, March 9.—Mrs. J. Warren Keifer, wife of Maj. Gen. Keifer, who is seriously ill with pneumonia and resulting complications, Gen. Keifer and his son, Capt. H. C. Keifer, have been telegraphed for, but it is feared they cannot arrive here in time to see Mrs. Keifer alive. The heart's action has been affected by the disease.

## HIGH JUMP ON SKATES.

New York, March 9.—The world's record, established by Frederick B. Germond, of the Long Branch Athletic club, at the Clermont avenue ice skating rink, yesterday night, for the running high jump on skates, was again broken last night by the same athlete. His jump was 4 feet 1 inch, three-quarters of an inch above the world's record.

## SOME APPOINTMENTS.

Washington, March 9.—The president has appointed Evan L. Barry, of Colorado, as consul at Tientsin and Cyrus Hall as assistant quartermaster in the marine corps.

## ANOTHER ROUTE TO KANSAS CITY AND ST. PAUL IS CHARGED WITH MANIPULATION OF THE RAILROADS.

Another route to Kansas City and St. Paul is charged with manipulation of the railroads. There is much dissatisfaction all around.

## BURLINGTON IMPROVEMENTS.

The Road Will Inaugurate Several Important Changes.

## THE SUGAR BOUNTY

Roberts' Bill Limiting Amount Recommended For Passage In House.

From a Staff Representative.  
St. Paul, March 9.—(Special to The Herald.)—In the house today Senator Horton's bills to amend the new state capital law were recommended for passage by the committee on public buildings. These are the bills intended to expedite work on the capital.

S. F. 110, to authorize counties to purchase lands for fair grounds, was taken from the table, amended and passed. Hansen's bill requiring railways to erect stock pens for livestock was killed. The Roberts' bill limiting the sugar bounty to two years at \$50,000 per year, as recommended by the committee, was also taken from the table.

Kelly's bill to amend general laws relating to bonds of school districts in cities, Gutterman's memorial to congress for bridge over Minnesota river in Shakopee, Minn., on passage and lost. Babcock's bill to transfer road and bridge appropriation for Villard township, Todd county, passed.

Thompson's bill to amend general laws 1897 prohibiting erection of fish houses on ice. Jackson's bill defining official newspapers, including German papers, passed.

Bush's bill to appropriate money for state dairy and food commission to enforce laws relating to food adulteration, \$200,000 for first year and \$700,000 annually thereafter, passed.

Dwight's bill to prevent killing or taking from lakes of fish between Nov. 1 and May 1. The house then went into committee of the whole, Deming presiding. Bills to which objection was made were passed over owing to the small attendance.

The Laybourn railway and lumberway bill was recommended for passage. Also were Senator Collier's bill to prevent occupants from acquiring title to public streets, highways, etc., by adverse possession, and Senator McKusick's bill to prevent mutilation of horses' tails.

**NEW BILLS IN SENATE.**  
Senator Horton would have our Soldier Boys Returned.

St. Paul, March 9.—(Special to The Herald.)—Among the new senate bills today were:

Smith, J. H.—To provide for erection of cottages at insane hospitals.

Smith, J. H.—Relating to appeals from the decision of county commissioners in the matter of claims.

Buckman.—To prohibit sale of prisoners in Minnesota county across the Mississippi.

Thompson.—To amend the statutes of 1894, relating to the payment of county commissioners.

Thompson and counties committee.—To amend statutes of 1894 to give county commissioners \$2 a day compensation.

Thompson.—To regulate the incorporation and management of building and loan and savings associations.

Senator Horton introduced a concurrent resolution praying President McKinley to order immediate release of the Thirteenth Minnesota volunteers now in Manila. He asked to have the resolution tabled till the members were present to act on it.

Owing to a small attendance the senate went into committee of the whole to consider bills on general orders.

Senator McCarthy's bill requiring that lumbermen shall be paid in cash instead of time checks, for work done in the woods, unless otherwise agreed in advance, and allowing them \$25 attorney's fees, was debated in committee of the whole. Senator Wilson offered an amendment to give the lumberjack pay for his intention to demand payment.

Senator Wilson's amendment would destroy all the gold in the bill. Senator Wilson consented to having the notice of action provided for in his amendment cut down to ten days, but even then it was defeated.

The committee rose and the senate took a recess without disposing of the bill.

**JOURNEY IN THIBET.**  
Germans Traverse Ground Never Before Seen By Americans.

Vancouver, March 9.—Advices by the steamer Empress of India say that there arrived in Shanghai recently two distinguished gentlemen travelers, Professor Fritterer of Karlsruhe, geologist, and Dr. H. G. Lorrach, geologist, who have just crossed Northern Thibet from Turkestan, discussing the route of the Yellow river covering the source of the northwestern and entering China by the northwest.

The two gentlemen left Germany on Nov. 18, 1897, accompanied by a German servant, reaching Suichow the expedition on the Yellow river, which they reached in the middle of last July. It was from there that the two scientists began to start on an expedition, having for its object the exploration of the Yellow river south of the Kokonur.

At this point their service was ended, and the travelers were swindled by natives. They left Suichow on Aug. 6 and went over country never before traversed by foreigners. With them were two Cosacks and eight Chinese. In Upper Thibet valley the party was attacked by about thirty robbers, one half of whom kept up a lively fusillade while their companions raised the animals of the expedition. The explorers returned the fire and wounded several of their assailants.

Reaching Tachow, where some American missionaries were met, it became evident that the country to the west and southwest was full of robbers, so traveling there had to be abandoned. Accordingly the party went to Manchou, Ping Langu and Singanfu, which latter place was reached at Christmas, then down Tan river in a couple of boats to Han river, which took them to Hankow on Jan. 4.

Dr. Fritterer made a valuable geological collection, besides taking careful observations for meteorological and mapping purposes, whilst Dr. Hottel more particularly interested himself in zoological matters, getting together an important collection.

**DR. NORRHOP DEAD.**  
Prominent Marquette Man Who Was Flooting Copper Properties.

St. Paul, March 9.—A Marquette, Mich., special to the Dispatch says: Dr. George Northrop is dead in Boston. He left this city a few days ago on business. It is thought, relating to copper properties, and while away became sick with the grip, which developed into pneumonia, and caused his death. He was about 65 years of age and moved to Marquette after the war, through which he served as an army surgeon. He took an active part in politics and was a candidate for the Republican nomination as representative.

The assembly had a short calendar, but the number of committee reports promises considerable work at tomorrow's session.

An unfavorable report was received on the joint resolution for a constitutional amendment requiring thirty days' residence in an election district before a man can vote. Three board of health bills to control water supplies, prevent the spread of cholera, and add to the expenses of certain trials—were reported for slaughter. A similar report was made on the bill from bounty.

The McGilvray bill for distribution of patronage passed the senate by 16 to 10. An amendment was adopted exempting teachers in educational institutions and four concurred in. The measure to have the state superintendent make an investigation as to the cost of state furnishing free text books was killed.

**CAUGHT IN THE ACT.**  
Postmaster of Wilkesbarre Arrested For Tampering With the Mail.

Wilkesbarre, Pa., March 9.—Edward F. Bogert, postmaster of Wilkesbarre, was arrested today charged with tampering with the United States mails. About two months ago several complaints were lodged with the postal authorities at Washington that mail was disappearing, or that which was delivered bore evidence of having been opened by a steaming process. The postal authorities subsequently issued orders to two secret service men on the place, under orders of Inspector Gorman.

Last night, after the mail from Baltimore and Washington had been delivered, Bogert entered the office and was seen to take several letters from the boxes and then to enter his private office and carefully draw down a curtain. A few minutes later a detective, who was on duty in the office as a clerk, turned out an electric light in the rear end of the office, this being a signal to the two secret service men who were stationed outside. The man on the inside carefully admitted his associates, one of whom was Hugh Gorman. The two men went at once to Bogert's private office and, without the ceremony of knocking, entered and there found the postmaster seated at his desk, on which lay three letters addressed to prominent business men in this city, and all of them sealed.

The postmaster was surprised and not a little excited for a moment. He was soon recovered his composure. He was later escorted to his home by the secret service men, when a warrant for his arrest was subsequently served. He was taken before United States Commissioner Hahn, where he gave bail in \$4000 for his appearance later.

The news of the arrest created a big sensation and especially in political circles.

**SOME HOPE FOR JONES.**  
But the Arkansas Senator Is in Serious Condition.

Washington, March 9.—Senator Jones of Arkansas, chairman of the national Democratic committee, is in a precarious condition owing to his inability to another dangerous attack of heart trouble at any time. As is usually the case in the intervals between attacks of this nature, he is getting along very well just now, and today was in comparatively fair condition, after a good night's rest, but he is maintaining the utmost caution and, under strict orders of his physicians, is avoiding any exertion. This is a radical change for a man of Senator Jones' active habits, and he naturally chafes under it.

His malady, angina pectoris, is at best a grave one, and the outcome never can be foreseen. So far, however, there have been no outward complications in Senator Jones' case, and there is a strong hope that with absolute quiet and rest, away from his work for a considerable period, he may recover.

**STILL ALIVE.**  
New York, March 9.—Thomas Donahoe, whose skull was fractured while diving from the roof of Madison Square Garden into a tank yesterday afternoon, is still alive but his condition is very critical.

**BACK TO GRAY.**  
Dover, March 9.—The thirty-fourth vote for United States senator resulted: George Gray, 20; Addicks, 18; Higgins, 13; Irving Handy, 1; absent, 3; total vote, 42; necessary to a choice, 22; no election.

**LOST THE STRIKE.**  
Pittsburg, March 9.—The strike at the Pittsburg Iron company's plant has been settled and the work is in full operation. The men went back to work at the old rate.

The postmaster was surprised and not a little excited for a moment. He was soon recovered his composure. He was later escorted to his home by the secret service men, when a warrant for his arrest was subsequently served. He was taken before United States Commissioner Hahn, where he gave bail in \$4000 for his appearance later.

The news of the arrest created a big sensation and especially in political circles.

TWO CENTS.

## Already Arrived and Constantly Coming— NEW SPRING WEAR FOR MEN AND BOYS.

The Ideas and Demands of the Season Are Here.

### New Spring Suits.

Tables piled high with the choicest that could be made for us. Fancy Cheviots in all colors, light and dark; fine Worsteds in pleasing mixtures. Quite the popular wear this spring is the Blue Serge. We are showing a big line of them in the nobby double-breasted coats, silk-faced; also the 4-button cut-away sacks.

### New Spring Overcoats.

The Covert Cloth still has its hold and for good reason. It makes a genteel, serviceable coat. We have many of them. Plenty of fancy Cheviots in light and dark colors. Splendid assortment of Worsteds in gray and black. Spring Top Coats have the velvet or the plain collar, as desired.

### New Spring Hats

THE STETSON—

Graceful in shape, rich in color, fine in finish. THE GORDON—Ideal in shape, ideal in quality, ideal in price. Other worthy hats of best makers.

### New Spring Boys' Wear

As seasons come and go new ideas come and go. Events suggest, our alert manufacturers adopt. American triumph on land and sea will have its way in fashioning suits for American lads, and this spring the soldier and the sailor in trimming and fashion is the ruling passion. Very handsome they are too in double-breasted Suits, Reeler Suits, etc. Handsome Knee Pant Vest Suits, with Tuxedo suit and jacket. Everything that's new and nice for boys here.

### New Shirts—

All the popular fancies of bright, spring patterns, stripes, checks and plaids.

### NECKWEAR—

All the charming novelties in color combinations.

### MANY PAIRED.

Harrisburg, March 10.—The forty-fifth ballot for United States senator,

## A TAX ON LEGACIES

Lydyard's Inheritance Tax Bill Reported Favorably By House Committee.

TO RECALL TROOPS

Senate Passes Horton's Resolution Asking For Return of Thirteenth.

From a Staff Representative.

St. Paul, March 10.—(Special to The Herald.)—Among the new house bills today were:

Billwell—To prevent fraud in sale of dairy products, being one of the changes to the law desired by the state board.

Dyer—Directing railroad and warehouse commission to investigate certain rates.

Roberts—Amend laws of 1883 relating to trust companies.

McGrath—To amend laws of 1897 creating a board of state drainage commissioners.

Fox—To amend laws of 1878 relating to exemption from taxation.

Senator Lord's bill to amend the law of 1897 relating to taxation of freight lines and equipment companies, was recommended for passage by the committee on taxes; also were Senator Shell's bill for a poll tax on dogs, and Senator Knutson's bill to amend the school tax law, and Laybourn's bill to authorize cities and villages to frame their own charters.

Gutierrez's memorial to congress asking for a bridge across the Minnesota river above Le Sueur was called up and, after being slightly amended, was passed. Originally Shokopee was the house then went into committee of the whole, Roberts presiding, for consideration of bills on general orders.

S. P. 165, Schaller, To fix compensation of clerks in district courts, and S. P. 166, Colter, relating to municipal courts in incorporated cities of less than 5000 population, were recommended for passage.

The Dening bill to prevent fraudulent assignment of wages was adversely voted on, but later received and sent again to general orders.

### SUPREME COURT FEES.

A Senate Committee Appointed to Investigate Them.

St. Paul, March 10.—(Special to The Herald.)—Lieutenant Governor Smith today appointed Senators Underbank, Daugherty and Colter to investigate the report of the supreme court as to fees.

Senator Horton secured the passage of his resolution asking President McKinley to recall Thirteenth Minnesota volunteers from Manila. The following bills were passed:

H. P. 287, Torrey—To amend laws relating to town elections and powers of supervisors.

H. P. 424, Torrey—To amend statutes of 1894 to allow justices of the peace to hold office in another ward from where he lives in cities of 2000 to 15,000 population.

The calendar was passed over in the senate today owing to the light attendance.

Senator Crue was called to the chair when the senate went into committee of the whole for the consideration of general orders.

Senator Stockwell's bill requiring counties to pay \$1.50 per week for the care of each of their insane patients in the state hospital was the first bill called up and was soon killed.

Senator Snyder was unable to get the city delegation to agree upon his bill to regulate the grading of streets and alleys. It was put to sleep.

The Schaller bill relating to the officers of state institutions to make weekly reports to the accounting officers and requiring the state treasurer to draw upon them monthly for a settlement of accounts was recommended to pass.

Senator Cutler's bill making the wife liable for the debts incurred by the husband for necessities of life was recommended to pass by a vote of 18 to 14.

The senate adjourned until 10 o'clock Tuesday morning.

### COALING STATIONS.

The Naval Equipment Bureau Authorized to Spend \$400,000.

Washington, March 10.—Under the naval appropriation bill the bureau of equipment is authorized to expend \$400,000 for coaling stations at different places where they may be desired. The location of these stations is wholly in the discretion of the secretary of the navy, but he will no doubt be guided by the recommendations of Rear Admiral Bradford, chief of the bureau of equipment. The admiral believes there should be some coaling depot at Manila and San Juan, Porto Rico; also at Honolulu. Besides these, he believes there should be a very large coaling depot in the North China sea, and in that a coaling station and depot will be located somewhere on the Maine coast. There is no such station north of Cape Cod, and naval officers have reported the need of one above that point.

### CHANCE FOR OLD MEN.

Pittsburg, March 10.—The officials of the Schenck Pressed Steel works announced today that they had made arrangements to fill the places of the old men who would be held open until Monday. The plant was running with an increased force and everything was quiet.

### OPERATIONS RESUMED.

Newcastle, Pa., March 10.—The Atlantic Iron and Steel company resumed operations in full today after a three day idleness. The firm employs several hundred men and signed the Amalgamated scale.

### ADDITIONS LEADS YET.

Dover, Del., March 10.—The ninety-fourth ballot for United States senator to

day resulted as follows: Adair, 17; Gray, 16; Dupont, 11; Willard, 10; Harrisburg, 9; State Senator John Pyle, 2; Irving, 1; Mandell, 1; absent, 2; total vote, 49; necessary to a choice, 25; no election. Adjourned until tomorrow.

### TAXING CORPORATIONS.

Pennsylvania Follows the Lead of Many Other States.

Harrisburg, March 10.—The tax bill drafted by the commissioners appointed for the purpose was reported to the house today with amendments, and will be put to a vote.

The bill provides for the additional revenue it provides for is badly needed. The bill levies a 1 mill tax on manufacturing corporations, increases the foreign insurance company premium tax from 2 to 4 per cent, and places a 5 mill tax on the now authorized capital stock of artificial gas companies.

### THE PRESIDENT'S TRIP.

Senator Hanna Has Called and Made All Arrangements.

Washington, March 10.—Senator Hanna saw the president today and final arrangements were made for the president's trip to Thomasville, Ga. The party will leave here at 6 o'clock next Monday afternoon by way of the Atlantic coast line, and will consist of President and Mrs. McKinley, Vice President and Mrs. Hobart, Senator and Mrs. Hanna and Assistant Secretary Cortlandt Post.

The party will remain at Thomasville for a couple of weeks or longer, if public business will permit.

### A CHANGE IN CUBA.

Administration Contemplates Replacing Military With Civil Government.

Washington, March 10.—The administration is contemplating a change in the government of Cuba.

It is probable that the military government will, to a certain extent, be replaced by civil government. The head of government must, of course, smoothly than the army officers in the present military government.

It is said that the army officers in the present military government are not in the best manner possible, and with more diplomacy than is possessed by the army men.

Whether the contemplated change has reached a point further than discussion, but its advantages have been pointed out, and the authority of the government to establish such a civil government under control of the military government has been determined.

### KILLED A BULLY.

Fatality in a Kansas Regiment on the Way Home.

Kansas City, March 10.—The Twenty-third Kansas volunteers, en route to Fort Leavenworth, Kan., from San Antonio, passed through Kansas City today.

A short distance out from St. Louis, a soldier, named Williams, of Kansas City, was stabbed to death by a comrade named Ray.

Williams was known as "the bully of the regiment," had stirred up considerable trouble, finally assaulting Ray. The latter drew a knife and struck Williams in the breast, killing him instantly. Ray is under arrest. Both are privates.

Private Ray, of Kansas City, died on the train east of Jefferson City of fever contracted in Cuba.

### A HOWLING BLIZZARD.

Thunder Accompanies a Severe Snow Storm in Wisconsin.

Baldwin, Wis., March 10.—A howling blizzard has been raging here all night accompanied by heavy peals of thunder.

At midnight lightning. Temperature 70 degrees.

Menomonee, Wis., March 10.—A heavy snow storm this city.

At 1 o'clock this morning accompanied with thunder and lightning. Several inches of snow has fallen and it is still snowing.

### PIG IRON ADVANCES.

It is Now Quoted at \$14.15 Per Ton.

Pittsburg, March 10.—Pig iron was quoted today at \$14.15 per ton, an advance of \$1 since last week.

### ENTOMBED MINERS SAFE.

Food Passed to Them Through a Water Pipe.

Leadville, Col., March 10.—Communication has been established with Charles House and Bert Frey, imprisoned in the Bonair mine through the caving of the shaft, by ripping asunder the water pipe by a charge of dynamite lowered to the proper depth. Provisions were lowered through the pipe. A new shaft will have to be sunk seventy-five feet before the men can be reached. This will take about a week.

### AUTHORITY ON SANITATION.

London, March 10.—Sir Douglas Galton, formerly president of the British association, is dead.

### MEN OUT OF WORK.

Hazleton, Pa., March 10.—Orders were received today for an indefinite suspension of work at the Hazleton collieries of the Lehigh Valley Coal company. Over 500 men and boys were thrown out of employment.

### STRIKE FUND ABOLISHED.

Chicago, March 10.—The convention of the Journeymen Bakers and Confectioners International union today refused to adopt the platform of the so-called Labor party and decided to stick to the trade union movement.

The strike fund of the international union was abolished. The money in the fund, \$10,000, will be distributed among the local unions.

Open Every Saturday Night Till 10.

Wide open every Saturday night in the year till 11 o'clock, affording an opportunity for that vast army of Great Eastern patrons who are employed during the day—to do their shopping in the evening.

M. S. BURROWS.

Spring exhibit of Men's Fine Shoes. Have cleared away all the winter shoes and filled the shelves to overflowing with the brightest and best of the new styles and shapes for spring.

Minnesota's Greatest Clothing Store. The House that always does as it advertises and never disappoints.

## TIMES HAVE CHANGED

and we've changed with them. Well-dressed men, who formerly considered an exorbitant price and a tailor's tag the chief requirements for a stylish suit have changed their minds after a season of trading at "The Great Eastern." Our progress in the construction of up-to-date, ready-to-wear clothing has been remarkable, and in giving you a perfect fit in the newest styles of suits and overcoats, made of highest-grade materials, at less than half the price you used to pay the tailor, we have solved a troublesome problem in economy and created a revolution in the clothing world, which Duluth has not been slow to appreciate.

When clothing values like these are offered, it's time to buy.

## Men's Spring Suits.

## THE BURROWS "REGENT"

**\$3.50 SHOE**

Is the world's best by every test. Lots of style and durability, equal to many \$5.00 shoes. We show them in all the new style toes and widths from AA to D and can fit all feet. They come in Box Calf, Wax Calf, Black Vici, Russia Tan, Chocolate Vici, Daimel and Patent Leather. We are exclusive agents for the celebrated HANAN SHOES, which are recognized as the standard of excellence. The Hanan Shoes we sell for \$5.00 in all widths from AA to E, in all the newest toes and lasts.

## Our \$2.50 Shoes

Are the same quality that you pay \$3.00 for in exclusive shoe stores.

## Our \$1.50 Shoes

Are the regular \$2.00 kind in other stores.

Our reason for selling Shoes so much cheaper than exclusive Shoe stores is that selling Shoes in connection with our other lines of goods enables us to sell them at a much lower price and still leave us a satisfactory profit.

## ACHANCE TO GET IN ON THE GROUND FLOOR.

Superior & Boston Copper Mining Co.

OFFERS A LIMITED AMOUNT OF ITS TREASURY STOCK AT

**5 CENTS PER SHARE.**

The SUPERIOR & BOSTON COPPER MINING COMPANY are offering 3,000 shares of their Treasury stock at 5 cents per share.

This Company is capitalized at \$1,000,000, of which \$500,000 is pledged for development purposes.

The Company now owns in fee 120 acres of Sec. 8, T. 47, Range 13 West, which includes the old Pond Lake mine.

They have now added 60 acres more, which will be purchased later, if it proves to be valuable to the Company. All of these lands are contiguous and located favorable with reference to the vein.

Over 100,000 dollars have already been spent upon this property, two pits have been sunk, one to a depth of 70 feet, the other 40 feet.

An amygdaloidal belt, well defined has been shown up for a distance of a quarter of a mile.

The property is two and a half miles east of the Stuckewich mine, upon the main road, and is very familiar with the property in every detail. A TWELVE FOOT AMYGDALOIDAL COPPER LODE VERY EPIDOTIC, CROPS OUT ON THE NORTHEAST QUARTER AND THIS SOUTHEAST UNDER THE WHOLE OF AN ANGLE OF 5 DEGREES. THE SHOW IN NATIVE COPPER RESEMBLES IN EVERY PARTICULAR THE ADVENTURE AND MASS MINES OF Keweenaw Point.

Richard B. Irving, the best known authority on the copper bearing rocks of Lake Superior, in comparing the rocks of our range, south of the city, in Vol. V, of his 300-page book on page 238, says:

"THE PRESENTLY KNOWN FINE GRAINED BASIC ROCKS OF THE TWO RANGES ARE SO COMPLETELY THE SAME IN MINERAL COMPOSITION, EVEN TO THE ALTERATION PRODUCTS, THAT THEY SECTIONS OF THE ROCKS FROM THE TWO DISTRICTS PLACED SIDE BY SIDE, ARE NOT DISTINGUISHABLE FROM ONE ANOTHER."

As to the actual continuity of the range, the same authority says on page 20 of the book above quoted: "THE EVIDENCE FOR ALL THE DISTANCE BETWEEN KEWEEWAW POINT AND THE DOUGLAS COUNTY COPIER RANGE IS JUST AS STRONG AS THAT EVER APPEARED TO PROVE THE CONTINUITY OF GEOLOGICAL FORMATIONS ANYWHERE, SAVE IN THOSE VERY RARE AND EXCEPTIONAL REGIONS WHERE THE ROCKS ARE COMPLETELY BARE. THIS EVIDENCE CONSISTS IN THE FREQUENT INTERCHANGE AT SHORT INTERVALS OF THE SAME KIND OF ROCKS WITH THE SAME STRUCTURE AND STRATIGRAPHICAL ARRANGEMENT."

FROM KEWEEWAW POINT TO DOUGLAS COUNTY THE FORMATION HAS BEEN TRACED MILE BY MILE WITH A CONSTANT REITERANCE OF THE BARELY THE SAME BEDDED BASIC ROCKS, WITH THE SAME AMYGDALOIDAL CONTACT PORTIONS, TO THE BEDS OF THE SAME ASSOCIATED FELSITIC PORPHYRIES, OF THE SAME INTERSTRATIFIED PORPHYRY-CONGLOMERATES AND OF THE SAME NATIVE COPPER IN VEINS, ALTERED AMYGDALOIDS AND CONGLOMERATES."

EXPERIENCE in the mines upon Keweenaw Point has shown that where an AMYGDALOIDAL VEIN WELL DEFINED, HAS BEEN FOUND CARRYING COPPER IT IS THE SAME IN EVERY INSTANCE THE VEIN HAS BEEN FOUND AS THE WORK PROCEEDED.

The property of the Superior & Boston Copper Mining Company has, therefore, all the attributes to a perfect copper mine. It, in the light of experience and of the abundant authority, upon the similarity of the possibilities of the Douglas County Copper Range, buy some of the stock as a speculation, as you are absolutely certain to make some money upon the first issue of this stock at the price we quote.

The Company is now making arrangements for machinery to be used in prospecting the work, and are also endeavoring to secure a superintendent of experience from Keweenaw Point to take charge of the operations at the mine.

Consideration of this stock has already been spoken for, and if you want some of the limited issue now will be sold at this figure, you will have to speak quickly.

## GENERAL ADVANCE

Extensive Preparations Being Made By the American Forces in Manila.

## REBELS AT WORK

They Were Caught Entrenching a Trench and They Were Shelled.

Manila, March 11, 11:35 p. m.—Extensive preparations are being made by a general advance of the American forces. The movement will probably take place soon. All is quiet however along the line.

At daylight the rebels were caught working on entrenching a trench at Calocan and were shelled by a battery. Desultory firing also took place at San Pedro Macati.

The United States cruiser Charleston has relieved the armed transport Bufalo of Pananque.

The last batch of Spanish soldiers, numbering 353 men, excepting a few who are in the hospitals, were embarked on board the transport Buenos Ayres today.

OTIS IS NOT BOUND. His Orders Are Only of a General Character.

Washington, March 11.—It was positively denied in the adjutant general's office today that any dispatch had been received last night from Gen. Otis regarding a conference with Gen. Lawton.

It is now well understood that Gen. Otis is awaiting the arrival of the remainder of his reinforcements, and is not yet ready to move.

The war department, according to its officials, is awaiting with quite as much interest as the public for some definite news from the Philippines which would show just how Gen. Otis intends to utilize Gen. Lawton and his reinforcements in the campaign against the natives.

As it has been quite generally understood without official confirmation, however, that Gen. Lawton on his arrival was assigned to active command of the operations in the field, leaving Gen. Otis more time for the administrative duties of his position.

It is well known that Gen. Lawton, who is now in the Philippines, has been assigned to active command of the operations in the field, leaving Gen. Otis more time for the administrative duties of his position.

## KILLED THE BILL. GOVERNMENT MEN

Minnesota Soldiers Will Not Get Paid For Sick Leave Time.

From a Staff Representative.

St. Paul, March 11.—(Special to The Herald.)—The house kept right at work today, notwithstanding the absence of many members making official visits to state institutions, but the work done was only of minor importance. The bill to pay Minnesota soldiers of the Spanish war while home on sick leave was killed.

Among the new bills were: McNell—To amend laws of 1885 regarding use of bound notes.

When the calendar was taken up a wide debate was carried on over the staples bill to create a committee to investigate the correctional and charitable institutions with the purpose of learning whether more economical methods of doing business could be found.

Look on the form of a discussion of the board of control proposition, though legislative junkies and many other matters were touched on to considerable extent. By a vote of 20 to 81 the bill was defeated and a recess taken till week.

DUNN CHANGED HIS MIND. Was Originally Against Refunding Amendment to Tax Law.

St. Paul, March 11.—(Special to The Herald.)—The scheme to accomplish the defeat of the refunding amendment to the forfeited tax law came much nearer being successful than the vote in the committee of the whole in the house.

Senator Dunn, who was originally in favor of the amendment, changed his mind and voted against it.

Thursday afternoon Senators Daugherty and Baldwin called on the auditor and in the course of conversation concerning another matter, learned of his opposition to the amendment.

Then followed an explanation by Dunn of his change of mind. He admitted that he had been misled by the information given him by the auditor.

## SHOCKING TRAGEDY. DEATH BY A SMALL BROTHER.

A Little Girl Burned to Death By a Small Brother.

Washington, March 11.—A Wisconsin special from Marshfield, Wis., says: A shocking tragedy occurred at Marshfield, a few miles from here, in which a little child was burned alive.

The child, a girl named Mrs. Erhardt, was a widow, left her home to call on a neighbor and locked her two little children, a girl and boy, aged 3 and 5 years respectively, in the house.

The little girl went to bed and complained of being cold, and her little brother thereupon went to the stove, scraped a few live coals together and laid them on the bed beside his sister. The bed clothing ignited and burned the little one to a crisp.

## DECLINE HONORS

Two Officers of the United States Navy Refuse to Be Promoted.

Washington, March 11.—Rear Admiral Higginson has declined the promotion offered him on the ground that his services have not been of such conspicuous merit as to warrant it.

Lieut. Anson Ward has also declined promotion because he would, in accepting it, prevent his classmates from ever reaching flag rank.

The officers of Dewey's fleet preferred a claim for double the amount of head money which it was at first believed they were entitled to receive as the result of the victory over the Spanish fleet at Cavite last May day.

The law providing that \$100 shall be allowed to the victors for each person on the captured or destroyed vessel. By that calculation almost \$200,000 would be claimed among Dewey's sailors.

But it is also provided that where the conquered force was superior to the attacking force, then the allowance shall be \$200 per head.

While Dewey's claim is not based on any superiority of the Spanish fleet, it is asserted that the fleet, fighting in conjunction with the shore batteries at Cavite, did constitute a superior force in the meaning of the law.

The point is a new one, and is now under consideration before the judge advocate general of the navy.

FAT JOB FOR POWERS. Will Be Census Statistician at \$3000 a Year.

THE SPANISH ISLES. It is Evident That Germany Has an Eye on Them.

Berlin, March 11.—During the discussion of foreign office estimates in the reichstag today the minister of foreign affairs, Baron Von Buelow, replying to Herr Richter, the Radical leader, who asked a question regarding the acquisition of the Spanish islands, said he was not in a position to communicate anything definite on the subject, adding:

"I think that an academic discussion relative to the future acquisition of the islands is not in the line of the official service. Our interest in the matter in any case can only be fully taken into account when the political situation is adopted by the cabinet, which is not expected to reassemble before the end of April."

## LOBBY IS DEFEATED

Only Three Votes in the House Against Duluth Tax Bills.

## THE SESSION WARM

Mr. Laybourn Denounces the Lobbyists in Very Severe Terms.

St. Paul, March 11.—The forfeited tax law amendments were recommended to pass in house committee of the whole yesterday afternoon, after a bitter fight, incited by the Hartley-Crosby lobby, but three negative votes were heard when the question was put of recommending the bills to pass. The senate was productive of several sensational denunciations by Mr. Laybourn of all Hartley's backers and Laybourn Wilson C. Crosby, who had made their cars tangle. Crosby left the room before he got the hottest shot, but Hartley had the courtesy to stay it out and be in at the defeat.

Mr. Laybourn, when the bills were reached on the floor, explained the purpose of the legislation sought. Senators Baldwin and McCarthy were present, and Mr. Baldwin consulted frequently with Mr. Laybourn. The three bills were considered together, and Mr. Laybourn explained that they had been drawn by a committee appointed at a mass meeting of taxpayers, besides giving the constitution of the committee, and adding that the bills had been approved by the committee members and city council. He concluded by saying:

"The large land companies and owners that have become delinquent in their taxes and have forced the burden wholly on others is not a desirable condition at this forfeited tax sale. The only persons opposing this bill, and I regret to have to say it, are certain interested persons—in fact, the paid attorneys of certain land corporations that will not pay their taxes if they can help it."

Mr. Jacobson said that two years ago he opposed the forfeited tax law, believing that it would not accomplish the result sought. He said it was fair to say that Mr. Laybourn had only good motives in presenting the bill, and that the measures now pending, he declared, also that he had not been approached by a lobby. He said that he had no objection to the bills, but that he was not willing to be understood as attacking the bills, or as attempting to interfere with the needs of the situation in St. Louis county, but he did not think that the state should be asked to refund these money after a way had been provided for the investors themselves.

Mr. Stevens, of Brainerd, an old townsman of G. W. Hartley, made the hardest and most bitter speech against the bill. He had come in late, and in fact, Mr. Hartley's brother, making a statement that he had been in the Brainerd statesman, who arrived sadly wounded.

Mr. Laybourn declared that circulars had been distributed on the floor of the house, while the debate had been in progress, by the "paid agent of a corporation that wants to get out of paying \$10,000 taxes that it owes." The "paid agent" was identified as Mr. Crosby, who had sent some typewritten matter to Mr. Jacobson's desk by a page.

Mr. Foss asked Mr. Stevens if he were not willing to do something to help out St. Louis county, and he claimed, as a lawyer, were not valid. Mr. Stevens declared that he was willing and anxious to help out that county, but he did not wish to tax the people in order to help out tax title speculators.

Mr. Foss said the people of the county were amply protected under the bill. Mr. Laybourn said that as far as favoring the tax title speculators, the bill provided for interest a percent lower than that allowed by the general law.

Mr. Laybourn and others called for the previous question, and the three bills were recommended to pass, with only the voice of Mr. Stevens and Mr. McCarthy in opposition.

Mr. Laybourn had continued on general orders his own house bills of the same form, in order that the possible defeat of the forfeited tax law bills, and they will come up on today's calendar.

The house put in a busy afternoon yesterday in committee of the whole, the following bills being among those recommended for passage:

H. F. 12, Grass—Providing for cash bail for offenders.

H. F. 101, McCullom—To regulate mutual life insurance companies.

H. F. 211, Grass—Relating to stay of execution.

H. F. 120, Shollbach—To validate sales of real estate under order of the probate court.

H. F. 234, Baldwin—Relating to enforced payment of taxes.

H. F. 236, Baldwin—Relating to re-taking assessments for local improvements.

H. F. 255, Baldwin—Refunding amount paid by purchasers of property under certain circumstances.

H. F. 290, Foss—Relating to actions concerning and rights in real property.

H. F. 126, Somerville—Relating to the addition of territory in all incorporated villages of 1000 or over.

H. F. 164, Davis—Relating to proceedings supplementary to execution.

H. F. 227, Cummings—Providing for dedicating land for road or highway.

The woman who suffers from weakness and disease of the distinctly feminine organism, who is troubled with backaches, aches in the sides, dragging down or aching limbs, nervousness, sick headaches, and the multitude of other ills that accompany these disorders, cannot have the dainty, bounding carriage which is the mark of a healthy woman. She will show in every movement that she is a sufferer.

There is a wonderful medicine for troubles of this description, that has stood the test for thirty years, and has been used successfully by many thousands of women. It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It is the discovery of Dr. R. V. Pierce, an eminent and skillful physician to the Invalid, Hotel and Surgical Institute, at Buffalo, N. Y. This is one of the greatest medical institutions in the whole world. During the thirty years that Dr. Pierce has been at its head he has gained the unbounded respect of his fellow citizens in Buffalo and they showed it by making him their representative in the National Congress, from which position he resigned to devote the remainder of his life to the practice of his chosen profession. He will cheerfully answer, free of charge, any letters written to him by suffering women. Address, as above.

**CHEAP SORT OF PROMOTION.**  
Gen. Gomez Explains Why There Are So Many Officers.

Havana, March 11.—The only obstacle now in the way of paying off the Cuban troops is the completion of the rolls, a work which is being delayed by the delay in the payment of the rolls. In some cases the rosters of the commanders are too defective to be useful. He points out that the inspectors often have no paper, pens or ink.

Gen. Gomez claims that 6000 commissions and other non-commissioned officers are relatively large numbers in an army of 32,000 privates, but that these officers in many cases receive their appointments because the Cubans have had no other way of recognizing bravery and stimulating enthusiasm.

"It may seem," he says, "a cheap sort of promotion, but it meant a good deal to the Cubans."

## COUNCIL GRANTS IT

Awards a Telephone Franchise to R. H. Evans, the Detroit Man.

## SOME AMENDMENTS

They Do Not, However, Materially Alter the Proposition—Committees Named.

The council, last evening, passed by an unanimous vote the ordinance granting a telephone franchise to R. H. Evans, of Detroit, Mich. A committee was appointed to ascertain what property is affected by the county commissioners' so-called "horizontal reduction" plan for settling delinquent taxes and preparing a remonstrance to be presented to the state auditor and report to the council. The standing committees were announced.

The amendments to the telephone ordinance that were adopted last night were: Providing specifically that all rights under the franchise shall cease when the plant is purchased by the city; that the city shall have the right to purchase the plant at any time; that the city shall have the right to purchase the plant at any time; that the city shall have the right to purchase the plant at any time.

with the city and the council and return to his old friends. He had thought to play the matter off to the council, but that adopted the specifications would never come to a vote on the ordinance. The council was so anxious to see the ordinance—the ordinance was its own child. With the old council, it would have been impossible to get the ordinance in the shape that it was then. They had nothing to do with the old council, and it had refused to treat with them.

The mayor addressed the council on the county commissioners' resolution for settling delinquent taxes. He asked that the council take action to express its disapproval of the plan. County Auditor Halden was present and was asked to give the council some information on the matter. He stated that the commissioners' idea was that the plan would save a good deal of trouble that would arise over alleged inequalities in case no uniform rate was adopted. The value of the property would be taken into consideration in determining whether the reduction should be allowed. In response to a question as to who would raise the deficit bearing on each case, Mr. Halden stated that it would be left to the state auditor alone.

The ordinance did not appear at all pleased with the method proposed, and Mr. Halden was placed under the position of being at bay. P. C. Schmidt came to his rescue with the statement that applicants would have to present all the facts bearing on their cases in a sworn statement, which would furnish information on which to act, but sworn statements from applicants for reduction and what general information the state auditor might have at his disposal to strike the ordinance very favorably as a basis for procedure.

Mr. Halden stated that if the plan of horizontal reduction were not opposed it would be taken at St. Paul to mean that the ordinance was to be a forfeited tax law had been abandoned. The result would be that property owners would not pay any taxes, but would wait and bid in the property for the state taxes. "It is of the first importance," he said, "that the ordinance be sent somebody to St. Paul to urge the amendments to the forfeited tax law. The ordinance is a very active force. The 50 per cent reduction in taxes would mean that people will work along, pretending that they will pay 50 per cent, and they will pay nothing at all. The school fund can whistle down the alley."

The committee to look into the matter and prepare a remonstrance was appointed on motion of Alderman Seng. The committee consisted of Aldermen Krumsig, Cromwell and Barnes. The ordinance was adopted by a vote of 10 to 2.

"A few years ago," writes Mrs. W. B. Bates, of Cleveland, Ohio, "I was afflicted with Dr. Pierce's Favorite Prescription, which has been a great benefit to me. I can now do my work. I hope that every woman who is troubled with the same complaint will find this prescription and be benefited as I have been."

**CHEAP SORT OF PROMOTION.**  
Gen. Gomez Explains Why There Are So Many Officers.

Havana, March 11.—The only obstacle now in the way of paying off the Cuban troops is the completion of the rolls, a work which is being delayed by the delay in the payment of the rolls. In some cases the rosters of the commanders are too defective to be useful. He points out that the inspectors often have no paper, pens or ink.

Gen. Gomez claims that 6000 commissions and other non-commissioned officers are relatively large numbers in an army of 32,000 privates, but that these officers in many cases receive their appointments because the Cubans have had no other way of recognizing bravery and stimulating enthusiasm.

"It may seem," he says, "a cheap sort of promotion, but it meant a good deal to the Cubans."

**NEWS BOILED DOWN.**  
Judge Gregory announced that he had decided to suspend sentence in the case of Alexander C. O'Connell, who was found guilty of blackmailing the Goulds here, and he had decided to suspend sentence in the case of the Goulds here, and he had decided to suspend sentence in the case of the Goulds here.

Mr. Laybourn declared that circulars had been distributed on the floor of the house, while the debate had been in progress, by the "paid agent of a corporation that wants to get out of paying \$10,000 taxes that it owes." The "paid agent" was identified as Mr. Crosby, who had sent some typewritten matter to Mr. Jacobson's desk by a page.

Mr. Foss asked Mr. Stevens if he were not willing to do something to help out St. Louis county, and he claimed, as a lawyer, were not valid. Mr. Stevens declared that he was willing and anxious to help out that county, but he did not wish to tax the people in order to help out tax title speculators.

Mr. Foss said the people of the county were amply protected under the bill. Mr. Laybourn said that as far as favoring the tax title speculators, the bill provided for interest a percent lower than that allowed by the general law.

Mr. Laybourn and others called for the previous question, and the three bills were recommended to pass, with only the voice of Mr. Stevens and Mr. McCarthy in opposition.

Mr. Laybourn had continued on general orders his own house bills of the same form, in order that the possible defeat of the forfeited tax law bills, and they will come up on today's calendar.

The house put in a busy afternoon yesterday in committee of the whole, the following bills being among those recommended for passage:

H. F. 12, Grass—Providing for cash bail for offenders.

H. F. 101, McCullom—To regulate mutual life insurance companies.

H. F. 211, Grass—Relating to stay of execution.

H. F. 120, Shollbach—To validate sales of real estate under order of the probate court.

H. F. 234, Baldwin—Relating to enforced payment of taxes.

H. F. 236, Baldwin—Relating to re-taking assessments for local improvements.

H. F. 255, Baldwin—Refunding amount paid by purchasers of property under certain circumstances.

H. F. 290, Foss—Relating to actions concerning and rights in real property.

H. F. 126, Somerville—Relating to the addition of territory in all incorporated villages of 1000 or over.

H. F. 164, Davis—Relating to proceedings supplementary to execution.

H. F. 227, Cummings—Providing for dedicating land for road or highway.

DRIVING THEM TO THIEF

Sault Ste. Marie, Mich., March 11.—The reports of the police inaugurated at Havana of discounting public works in the province and throwing men out of employments are beginning to show. Yesterday bandits were captured in the neighborhood of Conception, all of whom were formerly workers in mines. They say they have no money, and must either rob or starve. They have been judged in city jail. Public sympathy is displayed in their behalf by the populace.

Much the same sort of thing is happen-

One of a healthy woman's principal charms is her vivacity of carriage—the dainty, springy steps with which she walks. The woman who suffers from weakness and disease of the distinctly feminine organism, who is troubled with backaches, aches in the sides, dragging down or aching limbs, nervousness, sick headaches, and the multitude of other ills that accompany these disorders, cannot have the dainty, bounding carriage which is the mark of a healthy woman. She will show in every movement that she is a sufferer.

There is a wonderful medicine for troubles of this description, that has stood the test for thirty years, and has been used successfully by many thousands of women. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned and makes them strong, healthy and vigorous. It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It is the discovery of Dr. R. V. Pierce, an eminent and skillful physician to the Invalid, Hotel and Surgical Institute, at Buffalo, N. Y. This is one of the greatest medical institutions in the whole world. During the thirty years that Dr. Pierce has been at its head he has gained the unbounded respect of his fellow citizens in Buffalo and they showed it by making him their representative in the National Congress, from which position he resigned to devote the remainder of his life to the practice of his chosen profession. He will cheerfully answer, free of charge, any letters written to him by suffering women. Address, as above.

THE WEATHER.

United States Agricultural Department.  
Weather Bureau, Duluth. Synopsis of  
weather conditions for the twenty-four  
hours ending at 7 a. m. (Central time),  
March 11.—The barometer has fallen and  
it is warmer in the lake region and Mis-  
sissippi valley, while in districts lying  
between the Mississippi and the Rocky  
mountains the barometer has risen and  
temperatures have fallen to 25 degrees  
during the past twenty-four hours. Zero  
weather prevails in Northwest Canada.  
North Dakota, North Montana and  
Wyoming, while temperatures of 30 to 40  
degrees above are the rule in the lake  
region and Mississippi valley. The storm  
appears to be central over Eastern Iowa  
and Southern Minnesota, pressures are  
highest over Manitoba. Snow or rain  
fell yesterday and last night in the lake  
region, Mississippi, Missouri and Red  
river valleys and in Wyoming and Col-  
orado. High winds are reported from most  
states east from including the Dakotas,  
Nebraska and Kansas.

**WINE OF CARDUI**

# Woman's Work.

I could not do my housework. When I commenced to take Wine of Cardui, but I can do it all now, and have gained nine pounds in weight. I think it is a fine medicine.

MRS. W. C. FOSTER.

**McELREE'S**  
**Wine of Cardui**

The woman who goes about her housework, singing and smiling, with the ruddy glow of health upon her cheeks, is a subject for a painter's masterpiece. There is no more inspiring sight on the earth. But there are thousands of housewives tortured and broken down with diseases and drains peculiar to women. Many of them are utterly unable to do their housework. They drag out a miserable existence; working away as well as their strength allows. For these women there is hope in Wine of Cardui, that long-tried and almost infallible vegetable cure for irregular menstruation, leucorrhoea, falling of the womb, headache, backache, and the long line of diseases of a kindred nature.

The above statement of Mrs. Foster is a message of hope to her suffering sisters. Will they go and do likewise? Will they continue to be martyrs when Wine of Cardui is ready to rescue them? It is for them to decide.

and supplies his customers with meat in other forms about grills. The big meat from him are the most the hardest cases to cure, observation shows, the vegetable immunity from this disease-extracting (hence) a solid table of trade figures—they cannot polished together. The brethren are vastly in selection and more or kills, they consume as food, as show that their consumption is appreciably greater than the Christians. The ration and the entire ex- army in subduing a army itself. But my theme is, the apostolic (municipal reform the future (triumph) Catholicism declining Caesar, Cincinnati; Duluth; however, well they come in in the slaughtered here, would need to be the most lion. ## A WEST DULUTH

Movement on Foot to Have  
One Christian Church in  
West Duluth.

## MUST DO SOMETHING

None of the Churches at  
Present Able to Keep  
a Pastor.

The organizing of the choir for Sunday morning services at the Presbyterian church is meeting with success. Names are being added every day. It is a well known fact that the church attendance in West Duluth is very small and that there are no many churches here.

At present none of the churches are able to support a regular pastor, and Sunday school is being held at each. While some good is accomplished, it is not enough and, as a result, religious matters in West Duluth are lax. The proposed remedy for this condition is to unite all the congregations in West Duluth into one Christian church, and those interested see no reason why this cannot be accomplished. All are striving for one end, and the above indication is being followed, why not unite? It is asked. A man interested said:

"By the establishment of a united church a good pastor could be secured, excellent music provided, and a great deal of good accomplished. The people of the present age want the above indications to bring them out, and why should they not have them in West Duluth?"

There are over 200 inhabitants in this portion of the city, and it is safe to say the average Sunday church attendance at church service will not exceed 200 in all the churches combined, and that would mean less than 10 per cent of the inhabitants—certainly a deplorable condition.

Something should be done to overcome this evil, and the organizing of this church for Sunday night services at the Presbyterian church is the first step, and all citizens that are in favor of this motive are asked to join, and they will kindly leave their names with Mrs. Robert Stephens, corner Fifth and Avenue west, and Grand.

A public meeting will be called to discuss the nature of these proposed in the summer of a church church.

## THE IMPROVED ORDER OF RED MEN.

Special Deputy Sheriff H. Brown is organizing a tribe in West Duluth. Mr. Brown has secured quite a number of prominent business men, and expects to institute the tribe on March 22 with twenty-five members. The degree team of West Duluth tribe No. 1, will exemplify the work. Mr. Brown has two other tribes well under way, one at Grand Rapids, the other at Cass Lake. The order is meeting with popular favor and having quite a growth in the Northwest.

## WEST DULUTH BRIEFS.

Miss Gehlen returned to her duties at the telephone station this morning.

Police Lambert of the Duluth Ball club arrived this morning from Pine City.

Son was born to Mr. and Mrs. Julius Johnson, of Center street, on Sunday morning.

The West Duluth band will play at the opening of the labor day at the Army this evening, and there will be a large attendance of West Duluthians to hear the band.

From present indications the fancy dress carnival at the Seaside rink will be a success, and the night will be a very successful one.

Handsome costumes are being prepared for the carnival, and the grand march will be a brilliant affair.

Mrs. D. A. Fitzpatrick had the misfortune to lose a check sent her by her husband and given him by George A. Smith & Sons, of Duluth. The check was endorsed in blank Mrs. Fitzpatrick is much worried, and hopes no one will cash the check.

## HOW SHE WENT ON.

Two Officers of the Castilian Arrive at Yarmouth.

Yarmouth, N. S., March 12.—Capt. Officer McAffrey and Purser Stewart of the Allan Line Steamer Castilian have arrived here by train, having landed at Little River in a boat. Officer McAffrey reports that during the trip the crew grew lazy and they proceeded slowly and cautiously, carefully looking out for large or dark signs of land, suddenly breakers were seen and at once the ship struck forward, quite generally as a shock not being sufficient to awaken the passengers. It was 2:30 Sunday morning when the Castilian struck.

There was no confusion and all orders were obeyed with coolness and promptness. The engines were reversed, but the steamer held fast, swinging around all around and then the ship struck again. It was just about 10:15 when the ship struck and when it was found that the engines would not take her out of the water and when it was found that the ship was not to be saved, the captain decided to wait for daylight and not attempt to save the ship.

The ship was comparatively smooth and the passengers reported that in the two weeks' voyage they had seen no ice, with all power ready, but were warned of no immediate danger. About 8 o'clock

## Special Corset Announcement.

In this age of progress, the general public does not care to read pages of introductory and descriptive matter, therefore we will be as brief as possible, only calling the attention of our readers to the most important points.

Every lady concedes the fact that no part of her wardrobe is of more importance to a good appearance in dress than her corset, whereby she, in most instances, obtains that perfect proportion of figure, making her graceful in every movement and most attractive to all eyes.

We have accepted the agency for the "American Lady" corset, which we believe to be the best on the market, and would be pleased to have you come in and learn its many good points.

The only full-gored corset in America at this price. Beautifully made, comfortable wear, reduces waistline size of waist, producing an elegant figure without any undue pressure.

**\$1, \$1.25, \$1.50**

WE ARE SOLE AGENTS FOR DULUTH.

McAfee and Purser Stewart were dispatched to convey the news to land. At Tueli agents they communicated with the local agents of the Allan line and had sent to the scene as quickly as possible.

## THE SWISS OBJECT

Do Not Like Minnesota's Proposed Taxation of Foreign Corporations.

## DULUTH TAX BILLS

They Are Laid Over on Account of the Light Attendance.

From a Staff Representative.

St. Paul, March 12.—(Special to The Herald.)—The governor today sent to the house a communication from Secretary of State Hays stating that the Swiss minister had called his attention to the fact that there was pending in the Minnesota legislature a measure for taxation of insurance companies discriminating against foreign corporations.

Whereas such discrimination was contrary to a treaty between the United States and Switzerland.

The communication was referred to the committee on insurance.

The Finland resolution for a special committee to investigate the possible purchase of a collection of birds and mammals owned by Henry Schroeder, of St. Paul, for the state agricultural college, was adopted.

When the calendar was taken up the Duluth tax bills were at the request of Laybourn not acted on, being laid over till next members were present.

It was manifestly a wise move, as 67 members were present while 63 affirmative votes were needed to pass a bill.

The following bills were passed:

S. F. 155, Schaller.—To fix the compensation of trials in the district court.

S. F. 156, Collier.—Relating to municipal courts in incorporated cities having a population of less than 5000 inhabitants.

S. F. 157, Schellbach.—Relating to attachment of property.

S. F. 158, Wilson.—To validate sales of real estate under order of a probate court.

S. F. 159, Thompson.—Requiring railroads to adopt standard gauge.

S. F. 160, Somerville.—Relating to municipal courts.

The rest of the morning was spent in committee of the whole, Mallett presiding, but very little was accomplished.

The Roberts bill relating to mortgages and conveyances of personal property and contracts for the sale of real estate, and H. F. 85, a substitute for H. F. 49, relating to mechanics liens, etc., and defining the duties of lien holders before becoming entitled to lien, were recommended for passage.

## THE CANNED BEEF

Treasurer of a Packing Concern Testifies Before the War Board.

Chicago, March 12.—Edward Tilden, who is treasurer and one of the directors of the Libby, McNeill & Libby Packing company, was the first witness called today in the army by the investigation.

Referring to the grading of canned beef, Tilden testified that the company's "canneries" is said:

"I understand that it refers to a cheap grade of cattle, but so far as the packing houses are concerned it is a misnomer and does not signify anything."

Witness said the aim is to get a uniform class of beef for canning, about 1000 pounds live weight. Generally the carcasses are used for canning.

Mr. Tilden asked: "Is it not a matter of fact that you can what might be termed the inferior parts of the fore-quarters?"

"It is not a fact that chutes were sold to the troops at Watervort, N. Y., and other points, for 4 cents a pound?"

"If they were, I am sure they have been very anxious to dispose of them."

Mr. Tilden: "The market price would be about 6 cents. A chuck is not a very good piece of the carcass. We look upon it as one of the poorest parts. In fact, the fore-quarter of the carcass is the only part eaten by an ordinary Jew."

Mr. Tilden: "Then the price would depend upon the number of Jews in the community?"

"No, sir, not at all."

Mr. Tilden: "How many different grades of canned beef do you prepare?"

"Three grades, witness said, of the grade of corned beef."

"You said considerable of this lower grade is sold to the government. Did you?"

"Very small amount. We sold about 250,000 pounds of corned beef to the government in all."

"Where was that second grade delivered?"

"I think it was delivered at Camp Meade. The difference in price between the two grades, witness said, is about 1 cent a pound."

Mr. Tilden: "George Little, assistant inspector of the bureau of animal industry, who has been on duty at various packing houses in the city, testified that about one in five cattle were condemned."

"The animal is to be entirely consumed by the government. Is that correct?"

"The animal is to be entirely consumed by the government. Is that correct?"

were rumors or reports that probably such a thing was done."

"What steps, if any, were taken to prevent it? Did you make any investigation or report on the matter?"

"This was merely a rumor. I had no occasion myself to suspect anything of the sort. After it was reported I used all the vigilance I could."

"Did you make any investigation or report with reference to the matter?"

"No, sir."

"It was reported to me. It got around to the inspectors in charge and to me."

"That you made no investigation nor participated in any investigation?"

"No, it was outside of my duty. Some cattle thrown out at the yards were taken to what are known as 'idle houses'—houses that had no inspectors—and were killed under the supervision of the city inspectors."

### CAST IRON PIPE TRUST.

A Promoter Says the Deal Has Been Consummated.

Cleveland, March 12.—Col. Clarence E. Buzze, one of the promoters of the cast iron pipe trust, states that the big deal has been consummated, and that practically all the pipe foundries in the country are included in the company, which has been incorporated with capital of \$30,000,000.

"The object of the new company," Col. Buzze said, "will not be to advance prices, as we will simply follow the prices of the market. It will be to control the supply of cast iron pipe."

Col. Buzze said that the company will be organized in the near future, and that the first step will be to acquire the assets of the foundries. He said that the company will be a holding company, and that the foundries will be its subsidiaries.

### "THE CLOTHIER'S WEEKLY" MAKES A GOOD POINT—

"Not long ago a firm created the term 'double wool' in order to emphasize the quality of its product, so that the 'wags,' fresh eggs, and strictly fresh eggs, of the grocer is paralleled by the wool, all wool, and double wool of the clothier. The evil will bring its own remedy. The public is satisfied with exaggerations and the heaping up of flamboyant adjectives, and it is the simple statement of fact that carries conviction."

### THAT IS CORRECT! IT'S OUR WAY—PLAIN TRUTH TELLING.

There's no "double wool." There are coarse, medium and fine wools. Made from the latter are

**\$12.50**  
OUR  
**TOP COATS**

Coats that are worth—if others mark theirs right—\$15.

It's the cutter of the stone that gives value to the diamond. So it is the handling of the wool that gives value to our clothing. These \$12.50 coats are cut and made up with all the care, style and conscience that knowing how and the desire to produce the best possible to wear can make.

Covert Coats in several shades of Tan, Vicuna, Whiteheads, Black Unfinished Worsteds and Herringbones give us nearly a score of styles at \$12.50. Extreme short cut and the more medium lengths.

Every garment we sell we guarantee to be the BEST BUYABLE FOR THE PRICE ANYWHERE IN THE UNITED STATES.

### HANAN SHOES

ARE  
THE  
BEST

Beyond Question!

From ocean to ocean Hanan's Shoes are recognized as the embodiment of all that makes a shoe satisfactory. The Hanan lasts have long since proved the most comfortable. Hanan stock is always of the very highest grade. Hanan styles are invariably the most fashionable—the most successful union of fashion and comfort. Hanan making is more like custom work than any other. When we sell a Hanan Shoe we know that the buyer of it is getting the best in shoes that is to be had. These are the reasons why we assumed the control of the Hanan Shoes in Duluth—and hold it today. The best shoes for men. They are not high priced. In fact they cost less than shoes that try to be as good. But there are no "cheat" Hanan's. They never risk their reputation with qualities below their high standard.

The new lasts are offered—in Russia, Calif. and Black and Chocolate Vied Kid, French Patent Leather and Enameled Leather.

### EVOLUTION OF ETHICS.

Discussed By Charles L. Lewis at Morley Church Service.

The Sunday evening service at Morley Congregational church, under the direction of the Men's club, continues to be of great interest. Last evening the address was delivered by Judge Charles L. Lewis, his topic being "The Evolution of Ethics." It was a very interesting and scholarly paper and was listened to with close attention. He said that ethics lay at the foundation of conduct in all professions of life. Poets, philosophers and artists in their several departments of labor, reflection and contemplation show forth more or less clearly the standard of ethics from their particular point of view. The conception of right and wrong varies at different periods and in different nations, and this standard has been embodied in the abstract in the different religious systems of the world. A careful survey of the subject shows that the rule of right and wrong is within the great law of evolution and that progress is being made here as well as elsewhere from the lower to the higher conception

of human obligation. The great vital question is always, however, how best to live in the world and by what laws of conduct human relation is to be regulated. We find persons in the same community having diverse views of life and conduct and exhibiting opinions as to their social, political and religious duties, and yet that they all seek after the same ideal and meet as neighbors and friends; and throughout all the diversity of thought runs one harmonious purpose which may be termed the ethic idea, which after all unites the whole and brings out of it in time the best, the strongest and the fittest.

Addresses the Men.

Rev. Alexander Milne addressed about 100 men at the Y. M. C. A. building yesterday afternoon on "Christian Manliness." His contention was that Christianity and true manliness go together. Next Sunday John Callahan, late of the Lifeboat mission in Chicago, and now connected with the Bethel, will talk at the men's meeting. On March 26 a large men's meeting will be addressed by Mr. Schiverson.

Tell them you saw it in The Herald.

### MAYOR TO NAME THEM

C. W. Wilson and Members of Water Board to Be Reappointed.

### FOR STREET PAVING

Board of Public Works to Investigate Best Material to Be Used.

The matter of electing the assistant city clerk, which was postponed Tuesday night, will be before the council this evening, and it will also, it is thought, proceed to elect two members of the health board to succeed Capt. Stevens and S. O. Sterrett. The mayor, who appoints two members of the council to the board, will not make his appointments until after the election of the members by the council. The mayor will send in the name of C. W. Wilson as member of the board of public works to succeed himself.

The candidates for the position of assistant city clerk are, as far as heard from, J. W. Becker, stenographer in the city clerk's office; Axel Zimmermann of the West End, and W. W. Blackshaw. E. E. Beebe has withdrawn to go into the newspaper business.

Alderman Sang's resolution making twenty-six days of ten hours a month for city employees getting \$50 per month less, and providing for pay for overtime at not over \$1 1/2 cents per hour, will probably come up. It was introduced last Monday for action by the new council as a part of its legislation.

An ordinance introduced by Alderman Cromwell regarding the new gas to the ordinance regulating saloons, which was introduced by Alderman Jefferson, taking effect with the Crane Lake line, the ordinance out of the hands of the municipal court, will probably come back from committee for action.

The case of Auctioneer Roth, the proprietor of the auction store under the St. James hotel, whose license was revoked on the ground that he had made misrepresentation in selling his wares, may come up and now are going over the route the second time. The line will run right across the Alice A. and Emma Avenue, and within one mile of the Olive mill. McKenzie & Mann, of Toronto, who are building the road, assure its completion inside of two years. The next thing needed is a road to the boundary line from Duluth on the American side.

### FOR REPAIRING OF STREETS.

### Board of Public Works Takes Action In That Direction.

The board of public works this morning let the contract for street paving to J. Lieberman at \$28.85 for district No. 1, and \$117.95 for No. 2. The only other bid was on district No. 2 at \$38, put in by B. & H. Kenner. Last year there were seventeen bids, and the contract for district No. 1 was let at \$38.85, and for No. 2 at \$58.70.

The board awarded the contract for lumber for the maintenance department for the ensuing year to the Burgess company.

The board has decided that South Fifth avenue west of the railroad tracks to the dock, will have to be repaved, as the condition of the paving is such that it cannot be repaired. There is no money in the maintenance fund for the purpose, and nothing can be done unless the council takes action to the rescue. The board is of the opinion that the work should be done at once, and also that the Board of Public Works, Eleventh avenue west to Fifteenth avenue west, should be improved without delay, and will make a report accordingly to the council. The board has been advised by the city engineer that the cost of repaving South Fifth avenue west with granite blocks, on a base of three inches of lake sand, will be \$1.70 per square yard. The granite contemplated is the Duluth article, of which the new reservoir was constructed. The city engineer has reported sample blocks cut from the granite to show that it can be worked. The base of sand is to be down to the level of the water.

The board has directed Mr. McElvray to report on the most desirable material for repaving South Fifth avenue west of the railroad tracks, Michigan street and Second avenues west. He will look into the comparative merits of asphalt, brick and granite, and has begun to get data on the subject.

The board directed advertisement for bids for equipping the Army and police headquarters with gas fixtures.

### The Flaxton Concert.

The concert by Flaxton's orchestra, yesterday at the Army drew a rather small audience. Superior is patronizing the Flaxton concerts in great numbers, although Duluth has given only one large audience since the series began. The program was good but hardly up to some that Mr. Flaxton has given. Miss Louise Hall sang a brilliant selection, an aria from "Robert the Devil."

### Ask a Change in Time.

The Jobbers' union has forwarded a request to the Omaha road asking that the time of the Chicago train out of Duluth be changed so that it will leave here at 10 p. m., an hour later and arrive in Chicago at 10 a. m. The Omaha road has given only one large audience since the series began. The program was good but hardly up to some that Mr. Flaxton has given. Miss Louise Hall sang a brilliant selection, an aria from "Robert the Devil."

### Money Is Available.

Maj. Sears has received notice of the passage of the river and harbor bill of 1899, which will provide for the expenditure of the appropriations as rapidly as possible. He also received notice of the passage of the sundry civil bill containing an appropriation of \$200,000 for Duluth and Superior harbors. This is all that was asked for.

### Prize Winner Arrives.

J. T. Michael's famous cock spaniel, Pretender, which won second and third prizes in the New York bench show, arrived here today. He is a beauty and Tommy is very proud of him. He will be taken to Minneapolis next week to enter the show there.

### THINGS LOOKING BRIGHT.

H. C. Percival Tells of Work in the Seine River Country.

H. C. Percival, landlord of the Mine Center hotel, is down from the Seine River country. He is stopping at the St. Louis hotel, where he divides his time between meeting his many friends and studying Alex. Michael's career.

Of course Mr. Percival is a firm believer in the great merits of the gold mines in his district. He is conservative, however, and makes no unwarranted claims or statements. "Things could not look better for this time of the year," said Mr. Percival to The Herald this morning. "All the bullion producers except the Foley are running regularly, and the Foley will soon resume operations with an abundance of prospecting this season and many good things probably will be found. The prospectors' my opinions are holding their claims too high, but they resent any such assertion."

A New York man, representing Montreal parties, is making a splendid showing on a wide vein near the Golden Temple. The vein is 150 feet deep and is being worked by the Foley. The vein is being worked by the Foley. The vein is being worked by the Foley.

The Oliver stamp mill has not been able to run steadily because of the low water in Little Turtle lake and the incapacity of the present pipes to furnish a full supply of water. Each day, however, \$400 in gold is taken from the plates, and says nothing of the gold in the battery boxes and in the concentrates. The ore runs from \$80 to \$90 in gold. Mr. Preston will soon be out with 40 ounces of bullion.

"Some rich ore is being shown up at the Lucky Con, and good things are looked for when work resumes on the Golden crescent, clean up at the Golden Star the other day gave \$15,000. I think it very probable that the bullion shipment for March will amount to \$25,000 or \$30,000."

There will be better steamboat facilities this summer. This Jim Hay and the Randolphs have bought the Sea-gull of the Lloyds and will operate it in connection with the Crane Lake line. Joseph Lloyd, Jr., probably will be retained as captain. There will be two boats from Port Frances to Mine Center, two or three boats on Bad Vermilion lake and a couple on Little Turtle.

"Surveyors have run a preliminary line to Fort Frances on the Ontario & Lake Superior road, and now are going over the route the second time. The line will run right across the Alice A. and Emma Avenue, and within one mile of the Olive mill. McKenzie & Mann, of Toronto, who are building the road, assure its completion inside of two years. The next thing needed is a road to the boundary line from Duluth on the American side."

### KICK'S ON THE CAR TRUST.

### The Railroad Companies Will Build Their Own Cars.

Chicago, March 13.—The railroad companies are not fascinated with the idea of a car builders' trust. Managers of several of the big lines running from Chicago are holding a meeting to build their own cars, rather than be held up by the trust. The only thing that will be necessary in the case of the transportation companies to enlarge their shops.

We have always built many of our own cars, and without a great deal of expense we could probably arrange to build all of our cars," said General Manager Parker of the Rock Island road. President Stickney of the Great Western says that hereafter his company will build all of its own cars.

### PROF. HOPKINS RESIGNS.

New Haven, Conn., March 13.—Professor James Hopkins announced today his resignation of the professorship of the history of the United States at Yale university. This closes thirty-eight years of continuous service in that university. He has been a member of the faculty since 1861, and has held the position of professor of history and political science in the university since 1881. His resignation was accepted by the board of trustees of the university.

### DEATHS FROM TYPHOID.

Minister Towell was promoted to fill the position vacated by Mr. Hitchcock, the present secretary of the interior.

### THE PRESIDENT'S OUTING.

Washington, March 13.—All arrangements have been completed for the president's trip to Georgia, for a vacation of two or three weeks to be devoted to rest and recuperation from his continuous arduous duties for months past. The special train will leave here at 6:40 p. m. over the Atlantic Coast Line and Pine system.

### RELIEF AT GHIBRALTAR.

Gibraltar, March 13.—The United States hospital ship Relief, from New York, arrived here today. The Relief, which is commanded by Capt. Harbord, has on board medical supplies sufficient to last an army of 2,000 men a month. The expedition is in charge of Maj. A. F. Brady, brigade surgeon, United States volunteers. Bright women nurses accompany Maj. Brady.

### THE PLEAS ENTERED

The Flour and Copper Cases Come Up Before Judge Moer.

### TRIAL NEXT MONDAY

Principal Cases to Be Taken Up Then—Two on Trial Now.

The flour and copper cases formed the principal object of interest at the court house this morning. Several of the principal defendants pleaded to the charges against them, and the case against two of the minor defendants, Thomas J. Sutor and Henry White, was taken up for trial.

L. C. Harris appeared for P. G. Krammer and Edward L. Fisher, and gave notice that before the cases came to trial the defendants would move for an order requiring the state to say whether the double indictments against the defendants are on the same charge or not, and if they are, a motion will be made to require the state to elect upon which indictment the trials are to proceed.

In all of the charges against Krammer and Fisher there were two indictments, which are the same except that in one the owner of the flour is claimed to be the Northern Steamship company, and in the other the British and Foreign Marine Insurance company is stated to be the owner.

Mr. Phelps stated that there were two lots of flour, and that he believed the defendant could be examined on both indictments, but he refused to say any further at that time.

When the case against Thomas F. Trevillion, indicted for receiving stolen property, was called, A. A. Harris and John H. Norton appeared for him and moved to dismiss the indictment on the ground that there were witnesses exonerating him from the charge. The state attorney replied that the witnesses examined before the grand jury were not named in the indictment, and that a decision of the supreme court which held that the names of the witnesses who gave material testimony only were necessary on the indictment.

Judge Moer said that at first blush the statute seemed to require that the decision of the supreme court should be overruled the law and made directly applicable to the case. He denied the motion, and Mr. Trevillion pleaded not guilty.

In answer to an inquiry from L. C. Harris, Mr. Phelps stated that the trial of the principal flour cases would probably be taken up next week. John Casey, who was indicted for grand larceny in the first degree in connection with the flour case, this morning sought to plead guilty to petit larceny. County Attorney Phelps having consented, he was committed to jail.

Before Judge Moer to enter the plea, the latter saw that the charge on which Casey was indicted was grand larceny in the first degree, and he thought that was somewhat too much of a drop. He refused to consider the plea at that time, though it may be brought up later.

James A. Ackerman, accused of receiving stolen property, appeared with Oscar Mitchell, and as the latter had just been called into the case and had not had time to look at the indictment, Ackerman was given this afternoon to plead.

Michael Smith, the Eveleth justice of the peace, pleaded not guilty to the two indictments against him charging him with appropriation and neglect of duty. This afternoon he pleaded guilty to malfeasance in office. George Young, who was indicted for grand larceny in the first degree for stealing dynamite in the name of Frank Burke, was given this afternoon to plead.

Judge Moer then took up the case against Thomas J. Sutor and Henry White, charged with grand larceny in the first degree. Rustgard & Marshall appeared for the defendants and William B. Phelps appeared for the state. A jury was drawn before noon, and the first witness, W. A. Eden of the Eastern Minnesota, was placed on the stand. Then the defendants offered the introduction of any testimony under the indictment on the ground that it does not state a public offense, the usual formula, "with intent to deprive the true owner thereof," etc. Argument on this was continued to the afternoon, when the motion was denied.

NOTICE OF MORTGAGE FORECLOSURE SALE—  
Whereas, default has been made in the conditions of a certain mortgage which was duly executed and delivered by George F. Mackenzie and Emily Mackenzie, his wife, mortgagors, to William E. Lucas, mortgagee, bearing date the first day of June, 1885, and duly recorded in the office of the register of deeds in and for the county of St. Louis and state of Missouri, on the 10th day of June, 1885, at 4 o'clock p. m. in book 130 of mortgages, on page 256, which said mortgage, together with the debt secured thereby, was duly assigned by said William E. Lucas,

[illegible]

According to the recorded plat thereof on file and of record in the office of the registrar of deeds in and for said St. Louis county, with the hereditaments and appurtenances, which sale will be made by a sheriff of said St. Louis County at the court house of the court house in the city of Duluth in said county and state, on Thursday, the 28th day of April, 1939, at 10 o'clock a. m. of that day, at public auction to the highest bidder for cash, to pay said debt of two thousand six hundred twenty-four dollars and twenty

## MORE ARE CUT OFF

Seven Heads Decapitated By Street Railway Company

In Past Two Days.

## STRIKE NOT LIKELY

Men May Appeal to the Court—Call on the Mayor.

The ax is still swinging among the street car boys. At noon today seven heads were decapitated.

Yesterday morning the men up to that time had not moved, and were reported to be still considering the situation. Since the first excitement among the men over the proposed decapitations had away there has been no general talk of striking.

The men made up their minds to see if the company could get by with their methods, and a delegation waited on the mayor to ascertain what could be done in the way of getting an ordinance passed that would prevent the company from hiring men at points outside of the city and bringing them in to work on the line. The city attorney's opinion was asked on the subject, and he held that it would not be in the power of the council to make any such regulation.

The men have also been considering the advisability of appealing to the court in whose hands the property rests at present. They claim the discharges are arbitrary and unjust, and think the court might interfere. However, this course has not yet been determined on.

"It seems hard," said one of the men today, "to see men who have been in the employ of the road for years and own homes and have families in Duluth and are taxpayers have their means of livelihood cut off and sent from St. Louis and even as far as Louisiana put in their places."

## HOW IT SPREADS.

People Are Talking All Over Duluth. This Report Comes From Third Street West.

How it spreads. Can't keep a "good thing" down. Ever notice how good things are limited?

Before the article, more imitators. Fortunately the people have a safeguard.

Prize can't be limited. And true praise takes root and spreads.

Claim is one thing, proof another. Claim is what the manufacturer says. Proof is what the people say.

Duluth people say: Don't's Kidney Pills cure sick kidneys.

Cure all kidney ills. Hundreds of citizens testify to this. There is a case in point.

Homer B. Thompson, of 1217 Third street west, employed as filer at the Scott & Holting Lumber company's mill, says: "We have used Don't's Kidney Pills in our family for years, sending to the Eastern states for them as they were not at first on sale here. We never had them fail to give prompt relief whenever the kidneys became inactive or backache threatened. Both myself and Mrs. Thompson had been for years subject to kidney complaint, and nothing was able to get us well as Don't's Kidney Pills. I was successful in removing the trouble. I cannot speak too highly of Don't's Kidney Pills, and never fail to advise others suffering from their kidneys to go to the Duluth office and get a box. They have invariably given satisfaction in every case where we have recommended their use."

Don't's Kidney Pills are for sale by all dealers, price 50 cents, or sent by Post-Office order, 50 cents. N. Y. Sole agents for the United States. Remember the name Don't's and take no other.

## CITES A COUNTER CLAIM.

The case of Helen Beers against Frank J. Gruener was continued from the municipal court to the district court this morning, a counter claim for more than \$500 being filed by the defendant.

The plaintiff sued for a balance of \$500 alleged to be due Gruener for conducting a business establishment on Third avenue west. The defendant, in his answer, alleged that Mrs. Beers asked his help in establishing a business here, and he gave her a box of Don't's Kidney Pills, and she was able to get the business and its net profits. He claims that she should not be able to get goods on his name to the extent of \$500 more than the amount he specified, and that she converted to her own use results amounting to \$500 for which he asks judgment.
